

Healthcare Career Challenge

Fancy a future career in healthcare? Would you like to know more about the jobs available beyond being a Doctor or Nurse?

We want you to research a career in Health Sciences and tell us what a day in the life of that health professional might look like. You might want to do a diary, a newspaper interview, create a comic strip or even have a go at a digital animation.

Career ideas:

You can choose to research any health science career but if you need ideas visit our Future Careers section [here](#) and note some of the health professionals we have working at the University College:

- Chiropractors
- Physiotherapists
- Radiographers
- Sonographers
- Psychologists
- Sports Physiologists
- Sport Coaches
- Sport Therapists
- Researchers

Whatever Health Science career you choose, we are looking forward to seeing your submissions!

This competition is open to all years (don't forget to tell us what year group you are in as there will be a prize for each key stage). Submit your entries to wideningaccess@aecc.ac.uk no later than midnight on Sunday 20th June 2021. Terms and conditions can be found below. Don't forget to tell us your name, year group and which school you go to in your entry, as winners will be notified via their school after the close date. Terms and conditions can be found below. Good luck!

Competition terms and conditions: AECC University School competitions have been devised to encourage science-based learning during this time. The closing date will be Sunday 20th June 2021. Submissions will be via email and you can type your entry, scan it or take a photo. Alternatively you can post it to the Access and Participation team at the address below. Your school may choose to do a year group submission or you can submit individually. A panel of AECC University College staff will judge the entries during the week commencing 21st June 2021 and winners will be notified via their schools in late June 2021. Prizes will be science kits and books (with no cash alternative) which will be sent to schools to distribute to the student. There will be one winner and one runner up in each age category. There will be one winner and one runner up in each age category (Categories: Key Stage 1, Key Stage 2, Key Stage 3).
