

Are you
ready for ...

Success
Sunday

I can
celebrate my
successes

What do you think it means to
'CELEBRATE' something?

It means you take part or plan an activity that is enjoyable to you as a reward for achieving something.

You might celebrate winning a running race

You might celebrate getting 10 out of 10 with your spellings

Activities

- Thinking about the past week, what have you done that you are proud of that really needs celebrating? Talk to someone about this.
- Plan a celebration cake. You might not be able to make it right now, but you could draw a plan of a celebration cake. What shape will it be? What will the flavour be? What colour icing will be on it? What else might you put on it? Would there be any writing on it? Just use a piece of paper and plan your celebration cake. Be proud of your achievements and celebrate with your cake!

It feels good to celebrate your successes

Affirmations

I can celebrate my
successes

I can be proud of my
successes

Awesome
work!

You CAN
celebrate
your
successes
