

Relationships, Sex and Health Education Parent Consultation Survey Questions (2026)

This survey forms part of our consultation on the school's **Personal, Social, Health and Economic Education including Relationships and Sex Education policy**. There is already statutory guidance for Relationships, Sex and Health Education (RSHE), and updated guidance will apply from **September 2026**.

We are reviewing our policy in advance and are consulting with parents and carers so that views can be considered before RSHE units are taught in full. Responses to this survey will help **inform the final PSHE and RSHE policy**.

The consultation will close **at the end of this half term**.
