

Pizza the Action

Year 3 are launching their home learning project for the rest of this half term. We would like the children to work on one or more projects over this half term. The projects can be anything related to our topic title 'Pizza the Action'. If you need some inspiration, there are a few suggestions below...

Keep a food diary of what you eat for the week. Which food groups do you eat?	Create a meal with dough that isn't a pizza. This could just be a recipe or you can make the meal.	Create your own box for a different food. Don't forget the logo and design.
With an adult, cook a meal that has seasonal vegetables in it. Take a photo with the recipe.	Create a 3D model of a healthy, balanced meal.	Create a menu for a balanced meal including all the food groups.

There is no expectation that children will complete all the tasks, these are just ideas for the children to work on. Projects are due in on **Monday 13th July**. The children will have the opportunity to share their projects throughout the week and Year 1 parents will be invited in on **Friday 17th July at 3pm** to view the projects across the classes.

We look forward to the wonderful projects that the children bring in. We hope you enjoy the opportunity to show your imagination and creativity! As always, any questions please ask your class teacher. Thank you for your support!
